

## Arrrrrrrrre you ready HIBs! - Aye Aye captain!

Ahoy new HIBs (Humanistic International Bachelor), hold on to your booty! The ship is about to hoist the anchor, so say goodbye to your loved ones and get aboard! What does that mean exactly? Well, we the Tutors, your wonderful guides for this upcoming adventure, are going to make you, the ruslings (Danish for small little new student person that is about to go on a life changing journey), into the greatest archaeologist/academics and daring explorers the HIB house has ever witnessed.

You will be going on a two-week adventure filled with all kinds of activities (including academics!). Showing up during this period is completely optional, so those of you who have work, etc. don't have to worry. The tutors however strongly recommend showing up, as you will get to know each other better and start some great life-long friendships, bonding over your adventures. It's not about the destination but the people you journey with.

It is a dangerous business, going out your door, because when you step onto the road, there is no knowing where you might be

swept off to. Your steps start on August 16<sup>th</sup> 2021 at 08:40 by Trekroner station.

The train from Copenhagen Central (towards Holbæk) will arrive at Trekroner st. at 8:32. The train from Roskilde (towards Østerport) will arrive at Trekroner st. at 08:43.

Your excited tutors will be waving the brown flag and playing some great adventures (Get it? adventure-tunes, adventunes! It was great, so have yourself a little laugh 😊). For those of you unfamiliar with the trains in Denmark, you can use [www.rejseplanen.dk](http://www.rejseplanen.dk) or [www.google.dk/maps](http://www.google.dk/maps). You should definitely download the app for Rejseplanen as the trains in Denmark operate much like the moving staircases of Hogwarts, with a mind of their own and they like to change and/or delay sometimes!

This year's theme is Adventure and the colour is brown #brownandproud. Therefore, you need to show up wearing something brown. Do not forget to bring some food and/or money for food and drinks, because remember, you need to stay hydrated!

And our bartenders will supply some soda and booze for those hearty pirates amongst you.

During the intro period we are going on a trip, a rustrip... hint hint, to the funniest island in Denmark: LOLLand. It is going to be a multiple-day trip with overnight stay where we are going to hold fun games and social activities.

Again, this is not a requirement but mostly for bonding with your fellow comrades. We are going to leave on the 22nd and we will be back on the 25th (of August). Like many things in life, nothing is for free. The Rustrip will cost 550 DKK for you to be able to join, but it is very much worth it! You will find out more about the rustrip during the intro period. The link for joining the Rustrip is as follows:

In order to get the tutors' latest updates regarding your adventure at RUC, make sure to join the Facebook group by clicking this link: <https://www.facebook.com/groups/909038039667228/?ref=share> (If you are having problems joining the group through the link the name is 'ProHibition 2021'). If you do not have a Facebook account, we strongly recommend making one, as this group will act as the main platform for all kinds of info throughout the years (This being said, we are prepared to help out those who do not have social media).

So, see you at the Finnish line! If you have any further non-academic questions regarding August, you can also contact our Finnish hotline anytime after August 2nd:

Iris Seppälä:

Phone number: +45 28 19 66 63

Email: [ilinnea@ruc.dk](mailto:ilinnea@ruc.dk)

Like any great HIB, your journey begins with getting out of the library and into the adventures ahead (Half quoted from Indiana Jones a great guide to adventures 😊)

We can't wait to see everyone in August!

From your amazing future Tutors ❤️
